## BLOWN TO FRAGMENTS

Turkish Fort at Malaxa by the Insurgents.

### REAL FIGHTING NEAR CANEA.

Turks Driven From Their Position After a Desperate Attack by the Cretans, Who Were Afterward Bombarded by the Turkish Fleet in Suda Bay—Then the Blockhouse Was Dynamited.

CANEA, March 26.—At 8 o'clock last evening the insurgents succeeded in blowing up the blockhouse at Malaxa with dynamite. The whole structure is now in flames, and the Turkish warships are bombarding the insurgents.

The fleets fired 90 shells upon the insurgents around Malaxa, and some of these fell inside the blockhouse. Of the Turkish garrison, numbering 64, one escaped to Nerokhuri and 18 others to Suda. It is believed that the others perished.

### THE NEWS IN ATHENS.

Crown Prince Constantin Goes to the Front to Command.

ATHENS, March 26.—The news of the dynamiting of the Malaxa blockhouse at 8 o'clock last night, as the culmination of a day of fierce fighting and a prolonged siege, has made a tremendous sensation here. It is regarded as an event of far-reaching importance, both in its effect upon the insurgents themselves and upon the Greek mind at this stage of the crisis. It confirms the belief generally entertained here in official circles, as well as by the people at large, that the Christians in Crete are not in the least deterred by the blockade and not in the least beguiled by the appeals of the admirals or the implied arguments of the autonomy proclamation.

Advices from Canea as to the details of the day's fighting show that the insurgents displayed the most desperate valor and left the Turkish garrison of the blockhouse no choice but flight. Evacuation by the Moslems was followed immediately by occupation by the insurgents who were close upon the heels of the flying foe. To hold the blockhouse in the face of the rain of shells from the Turkish warship in Suda bay was impossible. The commander of the insurgents having resolved that they could not keep it neither should the Moslems, blew the whole structure into fragments with successive heavy charges of dynamite. At 8 p. m. the long-fought-for blockhouse was a mass of burning debris and the flames lit up the blockaded waters of the bay.

Immediately on receipt of the news Delays and the minister of war drove together rapidly to the royal palace where they had an audience with the king. What happened there can only be guessed at, but one thing is significant, King George and the cabinet have given the consent they had withheld for the last four days to the formal gazetting of Crown Prince Constantin as commander-in-chief of the Greek army in Thessaly, and the decree will be published today. It is understood that the crown prince did not wait for the actual appearance of his commission in print, but started for the frontier at 4 o'clock this morning. The hour was fixed so early in order that any unnecessary demonstration by the populace might be avoided.

The departure of the crown prince with the full approval of the king and the cabinet to take supreme control of the army can have but one meaning. The Greek government is determined not to accept the terms offered by the powers for a peaceful settlement of the Cretan difficulties. His presence among the troops is certain to have the most exhilarating effect upon them, and it is notice to Turkey that if a conflict comes the Greek troops will enter it under the leader of their own choice. The step thus taken is momentous.

The official Proia denies that the government has made any proposal to the powers respecting Crete beyond its original reply to the identical notes of the powers.

The military preparations go on unceasingly upon a large scale. Contracts are being placed abroad for blankets, and cloth for uniforms, as well as other equipments.

The Greek newspapers continue with one voice to denounce the proposal that Prince George should become the governor of Crete, and it is generally felt that this solution could not now be accepted by the government if the powers were willing to accept it.

The news of Lord Salisbury's expected interview with M. Hanotaux has made a great sensation, and it is regarded as the only possible chance of arriving at a settlement which will avert war.

Already an agitation has begun for the return of the czar's donation for the benefit of Cretan refugees. More than this, the people now demand that the clergy shall cease to pray for the czar. Thousands of signatures are appended to a protest by Cretans against the blockade, which protest runs in part as follows:

"We, Cretans sojourning in Greece, protest before God and man against the

unjust and inhuman death which some of the great potentates of the earth seek to impose by famine upon our fellow countrymen, whose only crime is that they are seeking for freedom as those potentates themselves have formerly done."

### SEAMEN'S GRIEVANCES

Aired at a Mass Meeting in Cooper Union Hall Last Night.

NEW YORK, March 26.—A mass meeting to demand legislation for the betterment of the condition of America deep water sailors was held last night in Cooper Union. Samuel Gompers presided and a large number of labor representatives were on the platform. The speakers were President Gompers, Andrew Furuseth of San Francisco, Charles Francis Adams, Ernest H. Crosby and others. Resolutions were adopted reciting the grievances of American seamen in being obliged to eat unwholesome food, occupy unsanitary quarters, and sail in unseaworthy vessels, in being compelled to sign away their wages on shipping, and on being subject to corporal and other punishment at the hands of officers.

The resolutions strongly condemn the action of Senator Frye, and senate committee on commerce of the late congress and petition congress to give prompt consideration and early enactment to senate bill No. 95, introduced by Senator White, as being a satisfactory substitute for the seamen's bills adopted by the house of representatives in the last congress.

### TO HELP THE POOR.

Baroness Hirsch Will Spend \$1,500,000 in New York City.

NEW YORK, March 26.—The World confirms the report that Baroness Hirsch is about to expend \$1,500,000 in charity in this city. Oscar Strauss, ex-minister to Turkey and trustee of the Baron Hirsch fund, which expends here for charitable and educational purposes the income of \$2,400,000 annually, says that the baroness has appropriated a sum sufficient to buy land and put up a complete building for the Baron Hirsch trade school, already established. She has further appropriated \$1,000,000 for the building of model houses for the poor in the tenement district, or wherever the trustees of the fund may determine. In addition, she will build a working girls' home on plans similar to those of other homes she has had built in cities abroad.

The baroness has authorized the educational alliance, whose work is chiefly among the Russian Hebrews, to pay off at her expense the \$100,000 mortgage on its property.

### WITH A POCKETKNIFE.

Fireman Dye's Arm Was Amputated to Save His Life.

MARIETTA, O., March 26.—Wednesday, at Eagle Hill, on the Cleveland and Marietta railroad, the southbound local freight train ran into a landslide, and the engine and five cars plunged over the bank into the Tuscarawas river. Engineer Charles Haddock of this city swam out, though severely injured internally. Fireman Walter Dye, also of Marietta, was crushed beneath the engine and tender.

His arm was caught and terribly mangled. The woodwork of the splintered cab took fire, and Dye would have burned to death had his partly severed arm not been amputated with a pocket-knife by a miner named Edward Jones.

### FOLLOWED THE IRON HALL.

Order of Equity Assigns For the Benefit of Creditors.

INDIANAPOLIS, March 26.—The supreme council of the Order of Equity, with supreme offices in this city and operating in 15 states, filed a deed of assignment yesterday for the benefit of general creditors. Its assets will not exceed \$35,000, while its total of liabilities to holders of certificates will reach and probably exceed \$72,000. The collapse of the institution, which was similar in its scheme to the order of the Iron Hall, is ascribed to the fact that last year its lapses and matured certificates amounted to more than its new business.

### Walling's Funeral Not Fixed.

HAMILTON, O., March 26.—The relatives of Alonzo Walling have not made any decision as to the day and hour of the funeral of the executed murderer. No minister has been engaged and it has not been decided whether the remains will be interred at Mount Carmel, Ind., or elsewhere. There is a rumor that the remains will be interred in Greenwood cemetery without any public announcement whatever. This may occur at any hour when possible to avoid a crowd. So far no grave has been ordered.

### Bucket Shops Can Use Quotations.

CHICAGO, March 26.—In the injunction suit by the board of trade to restrain the telegraph companies from furnishing outsiders and especially bucket shops with market quotations Judge Horton decided against the board yesterday. He declares that the quotations are public property and can not be withheld by the board.

### Sanguinely Given a Reception.

PHILADELPHIA, March 26.—General Julio Sanguilly, the American citizen recently released from Moro castle, after being imprisoned there since the beginning of the Cuban revolution, was given a public reception last night in the Academy of Music.

### Indications.

Generally fair during the day; slowly rising temperature; west winds.

## TARIFF TALK CLOSED.

Vote on the Measure to Be Taken Next Wednesday.

### BANKRUPTCY BILL IN SENATE.

Clark of Missouri Brings His Characteristic Sarcasm to Bear Against the Dingley Bill - Senator Wolcott Explains the Nature of the Gold Standard Adopted by Japan.

WASHINGTON, March 26.—The four days general debate in the house on the Dingley tariff bill closed last night. Beginning today the bill will be open for amendment under the five minute rule until next Wednesday, when the vote will be taken. Mr. Bailey of Texas, the opposition leader, who was to close the general debate for his side yesterday was unable to make his speech owing to a severe sore throat and a mutual arrangement was made for an hour's debate on a side just before the final vote is taken.

The speechmaking was not of a very lively order, but the crowds in the galleries continued. Five members of the ways and means committee spoke, Messrs. Tawney, Dalzell, Russell, Payne and Steele. The other speakers at the day session were Messrs. Talbert, Clark, Maguire, Gunn, Cox, McRae, Grow, Simpson, Curtis, Burke, Lentz, Colson, Hawley, De Armond and Fitzgerald.

Mr. Talbert (Dem., S. C.) opened the discussion in a 15 minutes' speech against the bill.

"Champ" Clark (Dem., Mo.) made one of his characteristic speeches against the bill. As an American citizen and in sympathy with the people whom he represented, he was dead against the bill.

As a Democratic politician he would rejoice in its passage, for it would compel every merchant every time he made a sale across his counter to make a Democratic speech to the purchaser. Unless the senate radically amended the bill the Democrats would have 100 majority in the house in the next congress, and in 1900 would elect their president, the people thus again coming to their own.

Mr. Clark said that ordinarily he was a peaceable man; but charges had been made on the other side in the course of this debate that made him regret the law against manslaughter could not be temporarily suspended.

"When an able man like Mr. Hopkins of Illinois and a brilliant man like Mr. Dilliver of Iowa," he said, "assert that the Wilson bill is a free trade measure it is an outrage on common sense, truth and decency. I do not concede to any protectionist the right to define what free trade means."

He ridiculed the duties laid on agricultural products, asserting that it was impossible to give the farmer any protection on his products. He made great fun of the duty of 2 cents a gallon on milk. "I'd like to see a gallon of Canadian milk," said he, "by the time it got down into Jerry Simpson's district in Kansas. It would set the hogs' teeth on edge if offered to them for swill."

The free list afforded him a fine field for the exercise of his sarcasm.

### In the Senate.

WASHINGTON, March 26.—The senate held a half hour open session early in the day and then after two hours in executive session on the arbitration treaty resumed the open session in order to go on with the bankruptcy bill. The latter measure, generally known as the Torrey bankruptcy bill, was read at length, and Mr. Nelson of Minnesota offered a substitute differing in a number of particulars from the committee bill. The debate has not yet opened.

Amended credentials were presented in behalf of John W. Henderson, appointed by the governor of Florida to the seat vacated by Mr. Call. It brought out a statement from Mr. Hoar, acting chairman of the committee on privileges and elections, that action on the pending election cases was delayed by the uncertainty as to committee organization in the senate. The revised credentials were referred to the elections committee.

Mr. Stewart (Pop., Nev.) said the general feeling was that the senate was capricious in its action on these cases, and there should be some definite and final settlement of the whole subject.

Mr. Spooner (Rep., Wis.) suggested that the question had already been elaborately argued and settled—settled both ways.

"The inference from that suggestion," pursued Mr. Stewart, "is that we vote on these cases according to our political convictions."

"The manner of settling this is by means of an international agreement for the free coinage of silver," remarked Mr. Hoar, facetiously. "When that is accomplished the senator from Nevada will have no further objections."

At 12:20 the senate went into executive session, and at 4:20 adjourned.

### GOLD STANDARD IN JAPAN.

Senator Wolcott Says It Will Hasten an International Settlement of the Question.

WASHINGTON, March 26.—Senator Wolcott, who has interested himself so much in international bimetalism, expressed the opinion today that the recent action of Japan in attempting to depreciate silver would hasten international action to restore the equality of the two metals and made the following statement giving his reasons for this belief:

"The monetary situation in Japan is not only interesting but most far-reaching and perhaps not generally understood. The result which Japan seeks is to make permanent the depreciation

of silver in relation to gold, and to preserve thereby the advantages which this depreciation naturally gives to Japanese agriculture and Japanese industries, and it is not in any sense an attempt to equalize values. There was a time in the history of the United States when we might have taken a step identical with that which Japan now proposes. If, during the years of our civil war, when our money was worth but 50 per cent of the gold dollar, we had by law declared that henceforth our dollar should be of the value of 50 cents only in gold, our legislation would have been parallel with that which Japan evidently intends. We chose to follow a different path. The action of Japan accords in a measure with that of Austria a few years since, and with the action projected in Russia with this difference: Austria forced the permanent depreciation of its money, measured in gold, to the extent of some 10 per cent; Russia will establish a reduction of about 33 per cent in the value of its ruble, while Japan proposes to permanently depreciate its exchange, relative to gold, so as to lower the value of the yen to about 48 cents on the dollar. The action of Japan must not be construed as an attempt to establish and maintain a gold standard; it is simply an attempt to preserve the economic advantages which she at present enjoys because of the gold premium which exists in Japan, and this at the expense of the great commercial countries of the world which have heretofore maintained the stability of their coinage as well as their financial integrity. Of course at the present price of silver, measured by gold, the result of the action of Japan would be to drive all its silver out of that country. It is premature, however, to attempt to forecast the full effect of her action in this respect. The course of Japan must, in my opinion, only serve to hasten some agreement between the leading commercial nations of the world looking to settlement of this question upon an international basis."

### Fred Grant to Be Reappointed.

WASHINGTON, March 26.—The president can not appoint all the sons of his predecessors to office, but he will send Colonel Fred Grant back to his old post at Vienna. This is practically decided upon. Colonel Grant was minister to Austria during the Harrison administration, and served with great credit. He and Mrs. Grant were very popular socially, and their return will be cordially welcomed. It is not probable that any other of the sons of presidents will be given office.

### EXPLOSION OF TORPEDOES.

Thirty Men of H. M. S. Cruiser Theseus Injured by It.

MATTA, March 26.—An explosion which would have had fearful consequences if it had happened in the interior of the vessel, occurred to the British first-class cruiser, Theseus, while practicing outside the harbor with torpedoes, which exploded as they were being lowered to the ship's launch, injuring 30 men.

The Theseus immediately returned and the injured men were landed at the naval hospital. While two men had their legs carried off, miraculous escapes are recorded, one man having his garments blown away without being hurt. Of the injured, one died today.

H. M. S. Theseus is a first-class cruiser of 7,350 tons, and was built at Blackwell, England, in 1892, at a cost of \$347,577. Her length is 360 feet and she has 12,000-horse-power. She goes 20 knots an hour, carries 12 guns and a crew of 544 men.

### HEADS OF THE CONQUERED.

Ghastly Proofs of Victory Sent to the Sultan of Morocco.

TANGIER, March 26.—A body of insurgent tribesmen in Soos, the southernmost province of Morocco, has fallen upon and cut to pieces the Sherifian Punitive expedition, recently sent there by the sultan of Morocco to quell a rebellion. The sultan's troops were taken in ambush. A fresh force sent out has in turn defeated the rebels. Eighty heads have been sent to the sultan as a ghastly proof of the victory of his troops. These, with 43 others, are now exposed at the gates of Morocco. The 43 are the heads of a band of starving tribesmen, who had attacked the sultan's forces while encamped near the city of Morocco.

### A Surplusage of Candidates.

CRAWFORDSVILLE, Ind., March 26.—Had the Greeting educational bill become a law there would have been only one candidate for the office of superintendent of Montgomery county to succeed J. S. Tuck, whose term expires in June. As it is, however, there are 17 avowed candidates for the position, besides a number of others with pronounced receptive proclivities. The board of education stands six Republicans and five Democrats, and to complicate matters, one of the Republican members, C. A. Kleiser of Waveland, has announced himself as a candidate for the position. Every trustee has a candidate from his own township to fight for, and the situation is rather peculiar.

### Bradley or No Election.

FRANKFORT, Ky., March 26.—Some of his friends admit to one another that Hunter's fate is settled, that he can not be elected, and will again have to relinquish to another the prize he has so nearly grasped on two occasions. The situation as understood by outsiders is that Hunter has reached the high water mark. The best judges say it is Hunter, Bradley or no election and most probably the latter. The third ballot showed no change.

## NEGOTIATIONS STAGE

Has Been Reached in the Spanish-Cuban Troubles.

### OPEN SECRET IN WASHINGTON.

Special Commissioner May Go to Havana and Later to Madrid as Minister—Americans Being Released as a Result of General Lee's Firm Stand in the Ruiz Case. Garcia Confident.

WASHINGTON, March 26.—Spain is at the end of her string, and Cuban independence is in sight. This is the greatest news of the day in the national capital. It is an open secret in diplomatic circles that Spain has practically abandoned her effort to crush the Cuban patriots. The war in Cuba has now reached the negotiations stage. The question of the future is as to whether the people of the island will buy their independence or whether they will win it by the sword.

Within a short time the Spanish government will initiate negotiations with the United States looking to the settlement of the Cuban trouble.

First upon the program is a complete autonomous government upon the Canadian model, Spain merely retaining a titular sovereignty, but actually giving local self-government to the people of the island, with the United States pledging the payment of the war debt. This proposal will be rejected.

After that will come the real question: Upon what terms will the Cubans treat for independence? Spain is now virtually bankrupt, and her best hope is, in losing Cuba, to rehabilitate national credit, so that the Philippines may be saved.

### SPECIAL COMMISSIONER

May Go to Havana and Afterward to Madrid as Minister.

President McKinley and Secretary Sherman, it is understood, are considering the advisability of appointing a special commissioner to look into and report upon the Cuban situation.

In considering the question of a new minister to Madrid, the idea occurred to the president that it would be advisable for Minister Taylor's successor to have some personal knowledge of the situation in Cuba, and with that end in view he contemplated sending a person he shall decide upon for this position on a special mission to Havana.

The general expectation is that General Woodford will be Taylor's successor.

### AMERICANS BEING RELEASED

As a Result of Lee's Efforts—Complaints From Property Owners.

NEW YORK, March 26.—A dispatch to The World from Havana, via Key West, says: Consul General Lee is quietly working for the release of one American after another, and one by one they are coming out of prison. The tone and manner of Spanish officials at the palace since the stand he took in the Ruiz case, and since Mr. Sherman took office, are very satisfactory to the general. It seems to be the belief in the United States that General Lee is making a further investigation of the Ruiz murder. This is a mistake. The Spanish authorities may be doing so, but General Lee has investigated and has reported the facts and his conclusion that it was a plain murder.

The impression here is that there will be no change of consul general soon, on account of the nearness of the hot season and of the unsettled cases. General Lee's family will leave the last of this month.

A strong effort is being made to secure the release of Marion, one of the Competitor prisoners, on account of his sickness. The story that General Lee agreed to Scott's release on his promise to leave the island, is false. General Lee was not a party to such an agreement. Scott will leave because the authorities insist on it, although they failed to convict him.

Complaints are coming from American plantation owners that strong efforts are being made to force them to pay taxes. They resist because very few have been able to work their land or grind their cane. The government has not afforded them protection. Not only have they not made any money for two years, but, owing to insufficient troops, their property has been damaged, burned or destroyed, and they have refused before to pay taxes under such circumstances, and will continue to refuse, pending a decision from Washington. This is one of the questions Mr. Olney had under consideration for a long time and left unsettled.

### The Three Friends Seized.

JACKSONVILLE, Fla., March 26.—The steamer Three Friends, which arrived in port Wednesday with the wrecked tug Asturias in tow, was seized yesterday by order of the United States court, in accordance with the recent decision of the supreme court, in the libel case pending against the boat. The bond was then cancelled, after which a deputy marshal was placed in charge.

The tug will be allowed to do towing on the river, pending a trial of the cases.

### General Garcia Confident.

NEW YORK, March 26.—General Garcia sends a long letter to The World and Sun, telling of the state of war in the province of Santiago. He has control of the whole province outside of big towns, and is now actually pursuing a force of 2,500 Spaniards under Verona.

## MASS CONVENTION.

Democrats to Meet Saturday, April 3rd, to  
 Select Delegates to District  
 Convention.

To the Democracy of Mason County: There will be a mass convention of the Democrats of Mason County Saturday, April 3rd, 1897, at 1 o'clock p. m. at the court house for the purpose of selecting delegates to represent said county in a delegate convention that meets at Vanceburg, Ky., on Wednesday, April 7th, 1897, to nominate a candidate for Circuit Judge and Commonwealth Attorney for this the Nineteenth Judicial District, to be voted for at the ensuing November election, 1897. Let there be a full attendance.

JOHN W. ALEXANDER,  
 Chairman Democratic Executive Committee, Mason County.  
 T. D. SLATTERY, Secretary.

WHILE the editor of the Ledger is talking about "bolters," he should not overlook his pet, Governor Bradley, the biggest bolter of them all.

HERE is something from Senator Chandler, Republican, of New Hampshire, which the editors of Republican papers can put in their pipes and smoke:

If the Republican party shall content itself with seizing and enjoying the spoils of office, surrendering unreservedly to the money power which so effectively contributed to its recent victory, acquiescing permanently in the existing gold standard and treating bimetalism as a "juggling humbug," and the promise to promote it as a pledge never intended to be fulfilled, Republicans will speedily find the tide of political battle once more turned against them, and they will soon exchange places with their now sore, bleeding and prostrate foes.

Yes, but, Senator, their chances of enjoying the spoils of office don't seem very bright yet. And that's what's hurting.

A DELEGATION of Philadelphia carpet manufacturers waited on Mr. Dingley and his colleagues of the Ways and Means Committee and begged most earnestly for a reduction of duties on carpet wools, which are advanced beyond the rates of the McKinley law. Mr. Dingley, after hearing them for an hour, gave out the information the bill would be changed in no particular and was "dead certain" to pass the house in its present shape. All concerned "must look to the Senate," where the bill will be riddled so that Dingley will not recognize it when it goes back to the house. It will be finally settled in conference. — Portsmouth Times.

These carpet makers are a very presumptuous lot of fellows. They ought to have been aware of one thing beforehand and that was that Mr. Dingley knew more about their own business than they did and knew just what they need. He's going to give 'em "protection."

## PITHY POLITICAL POINTS.

Civil service makes Republicans feel anything but civil.

Civil service is too drastic a dose for Republican stomachs.

Civil service is a servitor that doesn't serve Republican needs.

Civil service doesn't dish out office like Republicans could wish.

It's very uncivil in Republicans to abuse civil service as they are doing.

The name should be changed to un-civil service to meet Republican views.

It's the Republican ox that's being gored by civil service is where the difference comes in.

Republicans are dead set on "service" under McKinley, but they want the "civil" part eliminated.

According to Republican acceptance, civil service laws were framed to meet other people's cases and not theirs.

If the Republicans are really desirous of doing the country a service let them sustain the civil service by staying at home.

Civil service was all right and proper so long as it kept Democrats out of office, but when it stands Republicans off, then it's all wrong.

We would admonish Republican office seekers to keep "civil," and not allow angry passions to arise at what they mayn't be able to control.

Republicans are terribly keen for "service," and are so unselfish in their desire to work for the people that they would feel warranted in breaking down all business, "civil" or otherwise.

Health and strength carry us through dangers and makes us safe in the presence of perils. A perfectly strong man with rich, pure blood, has nothing to fear from germs. He may breathe in bacilli of consumption with impunity. If there is a weak spot where the germs may find an entrance to the tissues, then the trouble begins. Disease germs propagate with lightning-like rapidity. Once in the blood, the only way to get rid of them is to kill them. That is what Dr. Pierce's Golden Medical Discovery is for. It purifies the blood. That means that it kills the germs, but that is only part of what it does. It assists digestion by stimulating the secretion of the secretion of digestive fluids, so promoting assimilation and nutrition; purifies and enriches the blood and so supplies the tissues with the food they need. It builds up strong, healthy flesh and puts the whole body into a disease-resisting state.

## THAT BANK TAX DECISION.

Some of the Points in the Opinion of the  
 Court of Appeals Mentioned  
 Thursday.

The important decision of the Court of Appeals in the bank tax cases was mentioned in yesterday's issue of the BULLETIN. The decision is a very lengthy one, covering all the points. In conclusion it says in substance:

"Some of the best lawyers in the State were members of the convention which framed our Constitution, who gave an earnest consideration to the questions involved in these cases, and the conclusions which they reached were crystallized into Section 174 of the Constitution. We believe that their conclusions are correct.

"The former opinion of the court denies the power is in the Legislature to say what taxes the banks of the State shall pay for State purposes. It denies the right of the Legislature to compel them to bear any of the burdens of county and municipal government.

"We can not believe the Legislature intended to reverse its policy so earnestly pursued for a generation and surrender to the banks its right, previously reserved, to control them in the matter of taxation.

Exigencies may arise requiring the levying and collecting of vast sums to meet the public demand, yet the Legislature is powerless to compel the banks to contribute more. The counties and municipalities are annually compelled to raise large sums of money by taxation. The organic and statutory law of the State in our opinion require that the banks should contribute their proper share of such expense to the local governments.

"If the banks which accepted the Hewitt law are to be exonerated from the payment of county and municipal tax then during the existence of their respective charters, in the same city or town we will have part of the banks paying county and municipal tax, while others have immunity from such burdens. It will greatly increase the value of the stock of the banks enjoying special privileges. It will give the favored banks a monopoly of the business in their respective communities.

"It was seriously argued in the former opinion of this court that the enforcement of the Constitution and laws will diminish the revenues of the State government. With this we have nothing to do. It is our business to obey the Constitution.

"While more of our citizen's tax will go to support the State government, yet he is trebly compensated by the banks contributing their fair share of county and municipal taxation, and thus reducing the amount which each citizen will be required to pay to sustain the local governments."

It is said one effect of the decision will be that the State will have to pay back to the banks nearly \$500,000, and the banks will have to pay the cities and counties about \$750,000 in back taxes.

## BRADLEY TURNS 'EM DOWN.

FRANKFORT, Ky., March 25.—The Court of Appeals to-day modified or extended its opinion in the bank-tax case, the modification simply providing that banks need not pay taxes on money left on deposit, because the depositor pays on it, but reiterates that the banks must pay on franchise, capital stock, real estate, etc.

## THE GOVERNOR WAS "TOO BUSY" TO MEET THE REPUBLICAN STATE CENTRAL COMMITTEE.

[Louisville Commercial, Republican.]  
 FRANKFORT, Ky., March 24.—Governor Bradley astonished even his friends this afternoon by refusing to receive the representatives of the 218,000 Republican voters of the State, who requested an audience for the purpose of consulting him on matters pertaining to the Senatorial race.

The Republican State Central Committee met this afternoon at the Capitol Hotel, and so intense was the Senatorial struggle that the committee refused to do anything except to pass a resolution appointing a committee to wait upon Gov. Bradley and appeal to him as a Republican to go with them and urge the bolting Republicans to vote for Dr. Hunter.

The resolution was passed by a unanimous vote. Sam J. Roberts, N. T. Howard and K. J. Hampton were named as members of the committee. Afterward it was agreed that the entire committee would wait upon the Governor, and they immediately went to the Capitol building. Hon. C. M. Barnett, Chairman of the State Central Committee, was delegated to see the Governor and ask an audience for the committee. Mr. Barnett, after some trouble, saw Gov. Bradley, and stated that the State Central Committee was in the Secretary of State's office, and requested an interview with him. Gov. Bradley promptly informed Chairman Barnett that he was too busy to receive the committee, and Barnett so

informed that body. The committee at once left the Capitol building.  
 At the time the request for an audience was made Senators Rumrums and Clark, two of the bolters, were in the Governor's ante-room, waiting for the Chief Executive to receive them, and it is supposed that he was too busy consulting with these two gentlemen to receive the party organization. The members of the committee and Republicans in general are indignant at the action of the Governor in snubbing the representatives of the Republicans of the State.

At the time the request for an audience was made Senators Rumrums and Clark, two of the bolters, were in the Governor's ante-room, waiting for the Chief Executive to receive them, and it is supposed that he was too busy consulting with these two gentlemen to receive the party organization. The members of the committee and Republicans in general are indignant at the action of the Governor in snubbing the representatives of the Republicans of the State.

A meeting of the committee will be held to-morrow morning, and there is not much doubt that some red-hot resolutions will be passed. The feeling among the Republicans is intense over the action of the Governor, which indicates that he will go to the limit to defeat the nominee. An analogous case would be hard to find in the political history of any State in the Union, and it shows that as a loyal party man the Chief Executive has been weighed in the balance and found wanting.

## THE COMING DEMOCRATIC PRIMARY.

List of the Officers of Election Selected in the Various Precincts of the County.

The following is a list of officers selected to conduct the Democratic primary election to be held in Mason County on May 8th, 1897, as reported to the Secretary of the Executive Committee by the committeemen from each precinct:

THE Court of Appeals has affirmed the judgment of Pauline Markham, the actress, against Baumeister & Merriweather, contractors, of Louisville, for \$4,500 damages. She fell into an open cellar of a building they were repairing and broke her leg. The judgment and interest now amounts to \$6,000.

AUGUSTA Chronicle: "The very inclement weather last Wednesday evening prevented many from attending the Shaun Aroon entertainment, presented by some of Maysville's young people. While the players were not encouraged by a crowded house, they acquitted themselves nicely; the music by the orchestra was superb, and highly appreciated; one of the special features of the entertainment was the dancing of little Edith Means, who 'brought down the house' with her graceful terpsichorean acts. We hope they may not forget their promise for a return date soon."

## Marvelous Results.

From a letter written by Rev. J. Gundersman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at J. James Wood's drug store. Regular size 50c and \$1.

## A DOUBLE MURDER.

W. R. Boyd and Son Mandeville  
Killed Thursday by Amos  
Riggs.

The Latter An Ex-Convict, Having Served a  
Term For Killing Ahab Black  
in 1885.

A double murder was committed Thurs-  
day about noon near Mt. Gilead.

W. R. Boyd, aged forty-eight, and son,  
Mandeville, twenty-seven, were killed by  
Amos Riggs, a shot-gun being the weapon  
of death.

The younger Boyd was a son-in-law of  
the man who killed him, having recently  
married one of Riggs' daughters.

Riggs was opposed to the marriage, and  
from what is learned this was the origin  
of the trouble leading up to the murder.

The young couple determined to elope  
a few weeks ago, and it is said old man  
Boyd hired Riggs to haul a load of wood  
in order to get him away from the house  
and give the girl a chance to escape.

The families live half a mile apart,  
Riggs on Howard Farrow's farm on the  
road from Carmel pike to Taylor's mill,  
and the Boyds on Dr. Hord's farm.

Riggs had warned the Boyds not to  
come on the land he had rented, but  
they started across the place Thursday  
on their way to dinner. Riggs met them  
with a double-barrel gun and shot them  
down, in cold blood it seems from re-  
ports, the father and son falling only fif-  
teen or twenty feet apart.

Riggs then went to his home, told his  
wife what he had done, and left, going to-  
wards Mt. Gilead. It is thought he came  
to Maysville last night and boarded an  
eastbound C. and O. freight train here  
this morning. A man answering his de-  
scription was seen at the depot this  
morning.

The Boyds were looked upon as peace-  
able citizens, and had lived in the neigh-  
borhood about a year.

Riggs killed a man named Ahab Black  
in 1885, and was given three years in the  
penitentiary. He is the father of eight  
or ten children, and this fact probably  
kept the jury from giving him a longer  
term for the Black killing.

An ugly feature of the case is that  
young Boyd and his wife were in Mays-  
ville recently consulting the Common-  
wealth and County attorneys about  
having a warrant issued for Riggs on a  
charge of raping one of his daughters.

An inquest was held yesterday after-  
noon on the Boyds by 'Squire McIlvain.

## THE AMERICAN APPLE.

Over Six Million Barrels Exported to Ger-  
many Alone Last Year.

[Exchange.]  
In 1896 more than 6,000,000 barrels of  
apples were shipped from this country to  
Germany, twenty times more than were  
ever shipped in any former year. When  
properly picked, sorted and packed there  
are no apples found on the German mar-  
ket half so popular as American apples,  
none that bring so good a price. They  
are juicy, have more flavor and in every  
possible way better answer the require-  
ments of the kitchen than do the apples  
that Germany has heretofore imported  
from the Tyrol and from Northern Italy.  
But the American grower of apples has  
been exceptionally careless in the pack-  
ing of his product, so that towards the  
close of the apple export season thou-  
sands of barrels reached the markets in  
Germany in a practically worthless con-  
dition.

About the only contents of the barrel  
fit for use were those placed at either end  
of the barrel where they are likely to be  
seen by the inspector. Inside these first  
two or three layers were worm-eaten  
windfalls, fit only for cider when they  
were packed. In thousands of instances  
the barrels contained a mass of decayed  
fruit when they reached their destina-  
tion.

The United States Consul at Frankfurt  
says that the Italian and Swiss mode of  
packing apples is in striking contrast  
with the careless methods pursued among  
American growers. No windfalls are put  
in the barrels in the Tyrol or in Italy.  
Each apple is picked by hand and when  
quite dry packed in layers in barrels lined  
with heavy manilla paper. In addition  
to this precaution, at either end of the  
barrels cushions of straw or excelsior are  
used so as to receive the pressure to the  
fruit, and thus avoid bruises.

THE Dover public schools, under the  
management of Prof. Kay, closes to-day.  
The school has been a successful one,  
giving satisfaction to a majority of the  
patrons, says the News.

ARTIST TYRE M. FULTON is visiting his  
old home near Aberdeen. The Journal  
says: "Tyre has traversed thirty-three  
States since he was last in our midst, and  
still retains his normal weight, 256."

THE marriage of Miss Nellie Menzies,  
of Covington, and Mr. Frank Van Win-  
kle, of Danville, will take place at Fal-  
mouth, at the residence of Mr. Lealie  
Applegate (brother-in-law to the bride) at  
high noon April 7.

MRS. MARY OGDEN was granted a di-  
vorce from Thomas Ogden in the Circuit  
Court at Mt. Olivet last week. This was  
Mrs. Ogden's second marriage; her first  
husband, who is dead, being Richard  
Ridgely, of Cynthiana.

You do yourself an injustice if you buy  
a clock before seeing those handsome oak  
and walnut clocks at P. J. Murphy's, the  
jeweler. They are handsome enough for  
bed room or dining room and many of  
them are used in parlors.

LEXINGTON Leader: "By an order of  
the County Court Col. W. W. Baldwin  
was Wednesday appointed a proxy to  
vote Fayette County's stock in the Mays-  
ville and Lexington turnpike as he may  
deem best at every and all elections at  
which the stockholders are allowed to  
vote for the year 1897."

PORTSMOUTH Tribune: "James Tobin,  
C. and O. operator at South Buena Vista,  
will probably lose his job. Tobin almost  
wrecked the last morning train Tuesday.  
He was riding a railroad tricycle to his  
home at Vanceburg when the train came  
up behind him. He only had time to  
jump. The bicycle was hurled from the  
track and broken to pieces."

THE marriage of Miss Minnie McDou-  
gle, of this city, to Mr. Edward Boyd, of  
Dallas, Texas, is announced to occur  
Thursday, April 29th. Miss McDougale is  
a daughter of Mr. and Mrs. A. J. McDou-  
gle and one of Mason's handsome and  
charming young ladies. Mr. Boyd is a  
promising young business man of Dallas,  
and formerly lived at Hopkinsville.

M. J. FARRIS, of Danville, has bought  
of Robert G. Evans, of Boyle County, his  
"Cove Springs" farms, at \$47 per acre.  
These farms make one body of land of  
nearly 700 acres, and the purchase makes  
Mr. Farris the largest land owner in that  
county, as he now has 2,420 acres of fine  
bluegrass land. The deal involved \$32,-  
750.

### SAME OLD STORY.

Hunter Still Lacks Two Votes in the Sena-  
torial Contest—Doings of the  
Legislature.

It's the same old story.  
Dr. Hunter and his friends haven't suc-  
ceeded in pulling the refractory Republi-  
cans into line, nor have they succeeded  
in getting the two votes so earnestly de-  
sired from the Democratic ranks.

The joint ballot for U. S. Senator Thurs-  
day showed but slight change from that  
of the preceding day. It resulted as fol-  
lows:

Hunter.....	67
Blackburn.....	49
Davis.....	13
Boyle.....	6
Stone.....	1

Hunter and his friends had given out  
that they would force a continuous ses-  
sion to force an election, but the Bradley  
combine put through a motion to ad-  
journal.

In the House Judge Flippin's bill, re-  
ducing salaries, was called up and Judge  
Gossom offered an amendment, making  
a more sweeping reduction in salaries,  
cutting every State officer.

The committee appointed to investi-  
gate the charges of bribery have defer-  
red their meeting until next week.

Legislation seems to be subordinated,  
and one hears little or no talk of the bills  
under consideration.

Mr. Howard's bill imposing license tax  
on barbecues and pic-nics failed of pas-  
sage.

Mr. Morgan's bill imposing a penalty  
for interrupting a public speech by  
throwing eggs or missiles, was passed.

Mr. Stout's bill changing the time of  
holding court in the Twelfth Judicial dis-  
trict was passed.

The Senate met at 11:30 o'clock, and  
the only bill introduced was one by Sen-  
ator Stege, providing for the manner of  
taking a vote on constitutional amend-  
ments.

Some Republicans of this city met yester-  
day and sent the following telegram to  
Senator Rummans, who is one of the  
Bradley combine against Dr. Hunter in  
the Senatorial contest:

"Do you intend to ruin the Republican party  
in Kentucky? Your actions speak that way."

Mr. Rummans has demonstrated that  
he has a mind of his own, and that he  
knows the wily Dr. Hunter much better  
than the Republicans of Maysville, and  
had he answered the above telegram he  
would no doubt have wired back:

"Nit."

The other refractory Republicans re-  
ceived similar telegrams from their con-  
stituents yesterday, and the Hunter  
crowd are using the wires for all they can  
to force the bolters into line.

### UNDER GUARD.

One Gate-keeper in Fleming County Calls  
on His Friends to Protect Him.

FLEMINGSBURG, KY., March 25.—Toll-  
gate raiders have so far destroyed four-  
teen gates in this county, and toll is  
being collected at only three of those  
that have been torn down.

At one of the gates toll was collected  
last Monday, and the collector was  
warned that he would be visited soon and  
taken out and thrashed. He became  
alarmed at the threats and has had a  
guard of armed men to stay at the gate  
at night to protect him.

Public feeling is running high through-  
out the county, and rumors are heard  
that the raiders will not stop their work  
until every gate is destroyed. So far no  
arrests have been made, the county offi-  
cials deciding to let the matter be investi-  
gated by the next grand jury, which con-  
venes in April.

### Trouble Ahead.

Carlisle Mercury: "Mr. Pugh has de-  
termined upon the course to be pursued  
to get postoffices under him. We have  
no right to object, but it looks to us like  
Mr. Pugh was laying the ground work for  
more trouble for himself and his party  
than he seems to think."

### LECTURE FOR MEN.

Mr. E. A. King, of Newport, to Give a Talk  
Sunday Afternoon at Y. M. C. A.  
"Reds" Still Lead.

The Sunday meeting at the Y. M. C.  
A. rooms will be one of exceptional in-  
terest. Mr. E. A. King, of Newport, has  
been secured to give one of his private  
lectures on avoided subjects, the theme  
for his talk on Sunday being "The Signifi-  
cance of Sex." It will be illustrated by  
charts and scientifically explained. Mr.  
King has given other lectures before  
large audiences of men in cities of this  
and other States, and has received the  
highest commendations of the public  
press for his careful, instructive and en-  
tertaining treatment of this vitally im-  
portant theme. Every man in Maysville  
ought to hear Mr. King on Sunday after-  
noon. No admission fee, and all men,  
young and old, are invited. If the asso-  
ciation parlors will not seat all who come,  
then the lecture will be given in the Y.  
M. C. A. gymnasium. Boys under four-  
teen will not be admitted unless accom-  
panied by the parents.

The best game of basket ball thus far  
played in the local association gymna-  
sium was witnessed last evening by a  
number of interested spectators. Com-  
mencing next week, Monday evening,  
will hereafter be devoted to match games  
of basket ball in the Y. M. C. A. gymna-  
sium, and the game will also be played  
more informally after regular class exer-  
cises on Tuesday and Friday evenings.  
This will leave three other evenings each  
week in which the members may come  
in and use the apparatus or exercise as  
they choose.

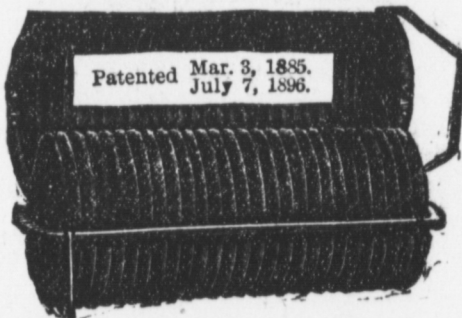

On Saturday evening of this week at 7  
o'clock the junior members will give a  
reception to their parents and invited  
guests in the gymnasium, for the purpose  
of showing what work they are doing  
along the line of physical culture. As  
the accommodations are so limited, ad-  
mission will be by ticket only, each boy  
receiving two of the admission tickets to  
be given by him to his parents or family  
friends. Members who are accustomed  
to use the baths Saturday evenings are  
requested to come to the rooms before 7  
o'clock this week, if possible, as the  
gymnasium and baths must be reserved  
between 7 and 9 for the juniors and their  
reception to parents.

The "Reds" brought in two more re-  
cruits yesterday and the "Blues" added  
one, so that the score last night was 19  
and 13 in favor of the "Red Indians." The  
"Blues" are trying hard to even the  
score, but they find it a difficult task.

### Last Notice to Tax-payers.

By order of the Board of Council, the  
Chief of Police is instructed to proceed at  
once to collect the delinquent taxes; and  
all property on which the city taxes is not  
paid, will be advertised for sale on the  
first day of April, according to law.  
D. P. Orr, Chief of Police.

## The Quaker Crimped Crust Bread Pan

Gives more bread from a given amount of flour  
than any other pan. And it is sweeter, better  
bread—moist inside, rich brown outside, and  
never burnt. It can't burn. The steam in the  
pan won't let the bread burn. It is more nutri-  
tious, and will keep longer than any other bread  
without becoming stale.

### "Mother's Friend"

...and about which such tender recollections cluster as that of "Mother," yet there are months when the life of the Expectant Mother is filled with pain, dread and suffering, and she looks forward to the final hour with fear and trembling.

preparing the system for the change taking place, assists Nature to make child-birth easy and leaves her in a condition more favorable to speedy recovery. It greatly diminishes the danger to life of both mother and child.

"My wife suffered more in ten minutes with either of her other two children than she did altogether with her last, having previously used four bottles of 'Mother's Friend.' It is a blessing to anyone expecting to become a mother, says a customer." HENDERSON DALL, Carmi, Ill.

## LUTHERAN REUNION.

SPRINGFIELD, O., March 26.—The executive board of the Central Lutheran interstate reunion met here and changed the date of the reunion to June 2. Rev. S. S. Kaufman of Canal Dover was elected to fill the vacancy in the eastern Ohio synod. Those who will participate in the program at the reunion are: G. W. Billow, Springfield; Rev. D. L. Mackenzie, Indianapolis; Rev. M. W. Hamma, D. D., Altoona, Pa.; Senator G. S. Wellington, Maryland; Drs. E. K. Bell, Cincinnati; J. F. Shaffer, Delaware, and A. H. Studebaker, Baltimore. Ohio, Indiana and Kentucky will be represented.

### A Daily Prayer For Death.

LAPORTE, Ind., March 26.—John Hull, 87 years old, is dead. He was an inmate of the Noble county infirmary. Formerly he was possessed of considerable wealth, which he deeded to his children, and he was obdurate to their pleading not to die a pauper. With the declaration that he had lived the allotted time of time, he became an inmate of the county infirmary, where a feature of his life was a daily prayer for death.

### Two Chinamen Murdered.

CLAYTON, N. M., March 26.—Hop and Wahe, Chinamen, have been found murdered in their laundry here. The murders were committed with a club, an ax and a knife. Robbery was the motive. Several arrests have been made. The sheriff says he has evidence that a conspiracy has been formed for the murder and robbery of a number of wealthy people.

### Mines Afire.

STURGIS, Ky., March 26.—The Cumberland mines, west of this city, are burning. The fire was caused by a miner's lamp igniting the timbers. All efforts to stop the fire have proved futile. It is feared that an explosion may occur at any time by the flames igniting the gas.

### A Child Burned to Death.

ELWOOD, Ind., March 26.—A little son of William Solsby was burned to death while playing around a fire in the yard.

### Insane Priest.

BUFFALO, March 26.—Rev. Father Darcy, pastor of St. John's church at Lockport, was taken to the Providence retreat, this city, last night suffering from acute mental disorder. Father Darcy was found wandering on East avenue, Lockport, in his underwear. He was unable to give any account of himself. Father Darcy has had charge of St. John's parish for more than 30 years, and about eight years ago the position was conferred upon him for life.

## THE MISSISSIPPI FALL NG.

No Further Destruction From the Floods Expected at Memphis.

MEMPHIS, March 26.—Another slight fall in the river at Memphis is noted this morning and a corresponding rise in the spirits of all interested in the prevailing conditions. The river, according to the official bulletins of the weather bureau, registers 36.7 feet, a fall of one-tenth of a foot. The river at Cairo continues to rise while at Paducah, it is reported stationary. Dispatches from all points south of Memphis show that the Mississippi is rising slowly. The continued fair weather is a favorable condition. News received from all points along the Mississippi side indicate that the system of levees is still intact. These dispatches have been received by the Illinois Central road and are authentic. No more breaks are reported in the Arkansas side. All the trains are running out of Memphis on schedule time with two exceptions. The members of the relief committee, having received the shipment of tents from Washington, have almost completed the arrangement of Camp Congo, where the colored refugees will be quartered and provided for as long as necessary. Such arrangement will obviate much of the difficulty of the relief work and will enable this work to be prosecuted much more systematically.

### The Battleship Iowa.

WASHINGTON, March 26.—The big battleship Iowa, the largest and one of the most powerful in the American navy, will undergo her official speed trial, off the New England coast, on or about the 29th inst. The Iowa, which was built by the William Cramp & Sons' Ship and Engine-building company of Philadelphia has a displacement of 11,410 tons, length of 360 feet, extreme breadth of 72 feet 2 inches and mean draught of 24 feet. Her armament consists of four 12-inch and eight 8-inch breech-loading rifles, six 4-inch, 20-pounder and four 1-pounder rapid-fire guns and four Gatlings. Her complement will be 180 officers and men, and her speed, it is expected, will exceed the contract requirement of 16 knots. She cost \$3,010,000, and her keel was laid in 1893.

### Wheat Killed in Wisconsin.

APPLETON, Wis., March 26.—Farmers report that practically all of the winter wheat and rye of Outagamie county has been killed during the last winter by a lack of snow to protect the grain during the cold months. At least three quarters of the entire wheat and rye crop of the county has been destroyed and these grains compose about one-third of the amount of grain of all kinds raised. The majority of the farmers will put in spring wheat instead of the grain that was destroyed. The report from Outagamie county is undoubtedly true of other counties in the state.

### Tree Falls on a Farmer.

PORTSMOUTH, O., March 26.—George Lornes, a farmer of Pond Run, this county, was probably fatally injured while felling a tree Wednesday afternoon, the tree falling across his leg, breaking it in two places and crushing the knee joint. He lay in this condition over for an hour before the tree could be removed. Medical assistance was summoned at once and it was found necessary to amputate the leg. The injured man was 68 years old, his age making his recovery doubly doubtful.

### Ore Boom Promised.

CLEVELAND, March 26.—The general impression among iron men here is that the breaking of the ore pool will cause a big boom in the upper lake mines. It is predicted that the shipments of ore to the lower lakes during the coming season will aggregate 12,000,000 tons and present indications are that most of this will be consumed at the furnaces which have been awaiting an adjustment of the affairs of the ore producers before resuming operations.

### Bullets Flew Thick.

WASHINGTON, Ind., March 26.—John Slatton, wanted for larceny, came to town Wednesday evening. He was riding a horse and as the officers approached him he drew two pistols and opened fire upon them. They returned the fire, killing the horse and wounding the desperado's arm. Slatton ran to the woods north of town, where, later, he was surrounded by officers, but swore he would not be taken alive.

### Sons of the American Revolution.

CLEVELAND, March 26.—The committee in charge of the arrangements for the coming national convention of the society of the Sons of the American Revolution in this city on April 30 and May 1, has about completed its work. It is expected that General Horace Porter, the new ambassador to France, can be secured to deliver the principal address.

### Miners Appeal For Aid.

COLUMBUS, O., March 26.—The executive board of the miners' national organization, headquarters here, has issued an appeal to the general public on behalf of the suffering coal miners who are out of employment. An appeal is made for money to be sent to W. C. Pearce, at headquarters.

### Pistol Her Paramour and Suicides.

MIDDLESBORO, Ky., March 26.—A special from Hancock county, Tenn., states that Martha Bull shot and killed her paramour, Thomas McCrae, and then shot herself. The Bull woman 30 years ago was a leader of society in Camden, W. Va. She claimed to be collaterally related to Washington.

### American Gun Champion.

ELKWOOD PARK, Long Branch, N. J., March 26.—Thomas A. Marshall, mayor of Keithsburg, Ill., won the grand American handicap with 25 straight kills.

### A Triple Drowning.

ALLENSVILLE, Ky., March 26.—Marshall and Marie Snordon and Maggie Short were drowned yesterday while boat riding.

### The Ideal Panacea.

James L. Francis, Alderman, Chicago, says: "I regard Dr. King's New Discovery as an Ideal Panacea for Coughs, Colds and Lung Complaints, having used it in my family for the last five years, to the exclusion of physician's prescriptions or other preparations."  
Rev. John Burgess, Keokuk, Iowa, writes: "I have been a Minister of the Methodist Episcopal Church for fifty years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." Try this Ideal Cough Remedy now. Trial bottles free at J. James Wood's drug store.

### Sammy's Moving Up the Base Ball Ladder.

Williamsburg (O.) News: "Sam Leever, of Goshen, Superintendent of Newtonville school, and Clermont's crack base ball pitcher, has signed a contract with the Richmond (Va.) team of the Atlantic League. Salary, \$100 per month and expenses there and back, and all traveling expenses while there. He was offered a position with the Louisville team, but refused. Sam is moving to the front and the near future will see him with the major league. He is under a six months contract."

THE Dover News pays this compliment to Judge Harbeson: "We have had occasion to refer to his ability and justness as a judge during his present term, and we unhesitatingly indorse him for re-election, because we believe there is not a man in the district that could fill the position more acceptably to the people. He will no doubt be unanimously tendered the nomination, and triumphantly elected in November."

A THIEF crawled through a transom into Mr. W. S. Frank's office night before last and broke open some drawers in a desk, securing two or three dollars in cash and a pistol.
